John R. McGuire Award 2005

June 7, 2005

Jim Fenwood  
USDA Forest Service  
Mendocino National Forest

Dear Jim:

In recognition of your outstanding contributions in partnering with the California Department of Fish and Game, the Wildlife Conservation Board and The Conservation Fund in the acquisition of 22,574 acres of forest land, adding these to the Mendocino National Forest.

With partners, you and forest service team members Dave Roak, Brent Hadley and Mike Miller achieved an important objective beyond the abilities of the Forest Service alone. You persevered, even without federal acquisition funds, and in spite of daunting obstacles, to accomplish a remarkable long-term public benefit. Key to the acquisition success was the support by local county government, citizens and organizations.

Congratulations from the National Association of Forest Service Retirees and Chief Dale Bosworth. We are proud to present you with the John M. McGuire Award.

Sincerely,

Douglas R. Leisz  
Chair, Board of Directors  
National Association of Forest Service Retirees
