MENDOCINO NF**

JIM FENWOOD
DAVE ROAK
BRENT HADLEY
MIKE MILLER

For your outstanding contributions partnering with the California Department of Fish and Game, the Wildlife Conservation Board and the Conservation Board adding 22,574 acres of valuable forestland to the Mendocino National Forest. With partners you achieved an important objective beyond the abilities of the Forest Service alone. You persevered, even without federal acquisition funds and in spite of daunting obstacles, accomplishing a remarkable public benefit.

Congratulations from the National Association of Forest Service Retirees and Chief Dale Bosworth. Date
